Subject: 2020 census questions

Hi John – I'm not sure we've met yet, so as is the way around here we start with business emails and work up to it!

I'm the GC for JMD. AAG/A Lee Lofthus has asked me to reach out to you to find out if you and/or CRT have any background information regarding some concerns raised that the Secretary of Commerce raised last week with the AG relating to the 2020 Census.

I understand the concerns relate to potential questions relating to citizenship in the American Community Survey portion of the upcoming 2020 Census. Both in 2016 and earlier this year I worked with CRT (at the DAAG level) and the Associate's Office (worked with James McHenry) relating to potential questions in the ACS relating to LGBTQ status, and on behalf of the Department I signed correspondence with Census on that topic. Prior to that, I had worked with OJP in 2014, but OJP's expert had retired by last year so the focus shifted to CRT. I was not directly involved in issues relating to citizenship, though it's quite possible citizenship issues were buried within the statutory authorities, as they had been in the run up to the 2010 Census. With respect to my involvement in preparations for the 2020 Census/ACS, citizenship issues were not explicitly raised.

Short question: are you aware of or do you have information relating to any of this? Are you available today for a (hopefully) quick conversation?

I have a contact in Commerce OGC on the ACS issues, and would be happy to reach out to him if desired.

Thanks,

Subject: Request to Reinstate Citizenship Question On 2020 Census Questionnaire

Arthur,

Thank you for your letter dated 12/12/2017 regarding improving the quality of citizenship information for DOJ enforcement of the Voting Rights Act. Let me start by saying the Bureau is fully supportive of providing DOJ with the highest quality statistical information possible. To that end, I directed staff to review all possible ways to address the needs expressed in the letter. They have now briefed me and their findings suggest that the best way to provide PL94 block-level data with citizen voting population by race and ethnicity would be through utilizing a linked file of administrative and survey data the Census Bureau already possesses. This would result in higher quality data produced at lower cost.

I suggest we schedule a meeting of Census and DOJ technical experts to discuss the details of this proposal. We look forward to working with you on this important statistical matter.

Happy Holidays

Do you have a date/time next week that works better for you for the meeting?

Subject: Census Letter

Rachael and Bob:

Attached please find the near-final draft of the letter to Census on the citizenship issue we discussed a couple of weeks ago. JMD would like to send it out this week, and I agree. (b)(5)

Will you let me know **no later than Wednesday** whether we need to discuss this with anyone in your offices?

Thanks.
