### ***Individual Plaintiffs***

**Stefanie Condie** is a marketing executive residing in downtown Salt Lake City near Temple Square. Stefanie is a registered Democratic voter who resides and will vote in District 2 in the 2021 Congressional Plan. She lives in a congressional district where Democratic voters are cracked from other Democratic voters to ensure that Republican candidates will win the district. This cracking dilutes her voting power, impairs her ability to express her views and associate with likeminded voters, and negates her fair opportunity to elect the representatives of her choice.

**Wendy Martin** is a retired business professional and a U.S. Army veteran. Wendy lives in downtown Salt Lake City a block east of Temple Square, within District 1 in the 2021 Congressional Plan. She is located steps away from the District 1 and District 2 border along Main Street through downtown Salt Lake City. Wendy lives in a congressional district where Democratic voters are cracked from other Democratic voters, ensuring that Republican candidates will win the district. This cracking dilutes her voting power, impairs her ability to express her views and associate with likeminded voters, and negates her fair opportunity to elect representatives of her choice. Wendy advocated before the Commission in support of neutral redistricting maps during fall 2021.

**Malcolm Reid** is a retired professional who worked as a technologist, market researcher, and data manager for two Fortune 200 companies. Malcolm has long advocated for nonpartisan redistricting and penned an op-ed in the Deseret News calling for Utahns to participate in the Commission's impartial mapmaking process. He lives and will vote in Millcreek, in District 2 of the 2021 Congressional Plan—two blocks from the border with District 1 and about a half mile from the border with District 3. He lives in a congressional district where Democratic voters are cracked from other Democratic voters, ensuring that Republican candidates will win the district. This cracking dilutes his voting power, impairs his ability to express his views and associate with likeminded voters, and negates his fair opportunity to elect the representatives of

his choice. Malcolm advocated before the Commission in support of neutral redistricting maps during fall 2021.

**Jack Markman** is a grant manager and recent college graduate. He is a registered voter living in Murray, in District 4 of the 2021 Congressional Plan. Plaintiff Markman is a registered Democrat. He lives in a congressional district where voters who support Democrats are cracked from other voters who support Democrats, ensuring that Republican candidates will win the district. This cracking dilutes his voting power, impairs his ability to express his views and associate with likeminded voters, and negates his fair opportunity to elect the representatives of his choice.

**Eleanor Sundwall** worked as a biochemist and adjunct professor prior to her decision to stay home and raise a family. She is a former PTA president, current chair of her elementary school Community Council, and advocate for public education. She is an active volunteer and holds leadership roles within non-partisan and democratic grassroots community groups. She is a registered voter residing in Murray, in District 3 of the 2021 Congressional Plan. Eleanor is registered as a Democrat and lives in a congressional district where voters who support Democrats are cracked from other voters who support Democrats, ensuring that Republican candidates will win the district. This cracking dilutes her voting power, impairs her ability to express her views and associate with likeminded voters, and negates her fair opportunity to elect the representatives of her choice. She advocated before the Commission in support of neutral redistricting maps that would reflect her designated community of interest during fall 2021.

**Victoria Reid** is a Republican registered voter living in Millcreek in District 2 of the 2021 Congressional Plan. She is a former adjunct professor, public relations professional, and community volunteer. She has also consistently advocated against partisan gerrymandering. She voted in favor of Proposition 4 in 2018, opposed the Legislature's repeal of the initiative in 2020, and continues to oppose the Legislature's repeal. Victoria actively supported the neutral redistricting maps advanced by the Commission in 2021.

**Dale Cox** is a Republican registered voter living in Murray in District 4 of the 2021 Congressional Plan. He is a former Murray city councilmember and president emeritus of the Utah AFL-CIO labor union. Dale is an advocate for ethical and transparent government that is accountable to the people, and he opposes partisan gerrymandering. He registered as a Republican and votes in Republican primaries in order to have a political voice in Utah's elections, including in its elections for congressional representatives. Dale does not register as a Democrat to vote in congressional elections and primaries for his preferred moderate Democratic candidates in part because the partisan gerrymandered 2021 Congressional Plan impairs and renders ineffective his ability to express those political viewpoints and engage in associations with likeminded moderate Democratic voters.
