DECLARATION OF ROBERT W. BIERSACK

1. My name is Robert W. Biersack. I served as the Supervisory Statistician for the Federal Election Commission ("FEC" or "Commission") from 1983 to February 2002. As the Supervisory Statistician, I was responsible for evaluating the quality, reliability, and validity of information contained in the FEC disclosure databases. Currently, I am Deputy Press Officer for the FEC, a position I have held since February 2002.
2. I have personal knowledge regarding the contents of the Commission's databases, including those that contain financial information regarding national and state political party committees, separate segregated funds, and non-connected political committees registered with the Commission.
3. Attached to this Declaration are tables I prepared that display information regarding financial activity of party and nonparty political committees during the time periods defined in each table. I prepared these tables by extracting information from the FEC's databases and public releases, and I affirm that the data is an accurate representation of

information contained in the FEC's databases and public releases. At the bottom of each table, I have indicated the specific source of the information for the data and/or the methodology I used. The following is a list of the tables attached to this declaration:
