11	And Senator Apodaca asked me if he was	11	THE CLERK: Jackson?
12	going to be able to have dinner and be able to get	12	REP. JACKSON: Here.
13	to the Carolina-Duke game. And I said we're going	13	THE CLERK: Johnson?
14	to ask Senator Blue, Senator McKissick, and	14	REP. JOHNSON: Here.
15	Representative Michaux what if they think we've	15	THE CLERK: Jordan?
16	got a shot at that.	16	REP. JORDAN: Present.
17	SEN. McKISSICK: I don't have any extra	17	THE CLERK: McGrady?
18	tickets, I'm sorry.	18	REP. McGRADY: Here.
19	SEN. APODACA: That's always his answer.	19	THE CLERK: Michaux?
20	CHAIRMAN RUCHO: Okay.	20	REP. MICHAUX: Here.
21	SEN. McKISSICK: It depends.	21	THE CLERK: Moore?
22	CHAIRMAN RUCHO: Okay. Well, we had a	22	REP. MOORE: Present.
23	very informative meeting yesterday. We were able	23	THE CLERK: Stam?
24	to get some criteria established, and so we're	24	REP. STAM: Here.
25	going to go ahead and begin today with a well,	25	THE CLERK: Stevens?

10	THE CLERK: Smith?	10	approve it, so that the General Assembly can move
11	SEN. SMITH: Here.	11	forward when the special session is called, and we
12	THE CLERK: Smith-Ingram?	12	can go ahead and achieve what is the goal of
13	(No response.)	13	complying with the federal court.
14	THE CLERK: Wade?	14	Okay. That being said, then let's go
15	SEN. WADE: Here.	15	ahead and Representative Blue excuse me,
16	THE CLERK: Wells?	16	Representative Lewis, you'll be ready to explain
17	SEN. WELLS: Here.	17	the maps, and I think the sergeant-at-arms can

Yesterday, this committee approved seven criteria for the 2016 contingent Congressional redistricting, and a map was produced in accordance with that criteria.  While I am happy to take questions from the committee, first I would like to take a moment to walk through the criteria and discuss how this map addresses each of the criteria. And again, I'll just remind you: This is the only one that will be reviewed today because we just you know, there were no other maps submitted by either the minority House and/or Senate or any individual. So this is the map we're going to be discussing today. And after discussion is completed, this committee will take a vote, and we'll either be against or referring this to the General Assembly for its special session for adoption so we can comply with the three-judge panel from the Middle District.  Members of the Committee.  All right. Let's start off with Senator McKissick.  SEN. McKISSICK: Thank you, Mr. Chair. I would like to be recognized for a series of questions, if that's possible.

13	committee	13	column, the right-hand column of that document,
14	REP. LEWIS: Mr. Chairman?	14	this is a computer code. This is the way the
15	CHAIRMAN RUCHO: Yes, sir.	15	computer generated the election results which we looked at.
16	REP. LEWIS: Could I speak to that one point?	16	For instance, you'll see under "2008
17	CHAIRMAN RUCHO: Representative Lewis.	17	General Election Attorney General," there's a code
18	REP. LEWIS: Yes, sir.	18	there at the right-hand column. Again, I direct

The criteria that this committee adopted in open debate yesterday was the following: Equal population, contiguity, political data, partisan advantage, the 12th District compactness, and incumbency. That is the criteria that this committee debated and adopted over about a three-and-a-half, four-hour period. Those are the criteria that were used to draw these maps. Those are the criterion that these members will be asked to base their decision on.  CHAIRMAN RUCHO: Representative Lewis.  (Chairman Rucho and Representative Lewis confer.)  CHAIRMAN RUCHO: Representative Michaux, you all set?  REP. MICHAUX: Yeah.  CHAIRMAN RUCHO: Very good. Thank you.  All right. Do we have anybody else	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	extract are the are the primarily minority communities, whether you're in Durham or Wake or Mecklenburg.  The more important thing is that you can't use partisanship as a proxy for race. And that's exactly what you've done here. We know because we've been unable to draw these maps overnight. And you didn't draw them overnight either. And we know that they were imported into this place, and they weren't originally conceived or drawn on the legislative computers.  But let me say this: The biggest challenge that we have is basically the dismantling of democracy that this map represents, in that you create three districts that perform at a 65 to 70 percent level for one party, then ten districts that perform in the low to mid 50s range for the other party. Now, you're assaulting democracy even though you're doing it in the name of partisanship.  And historically, the courts have said that they're going to stay out of the political

And I will assure you of that. And if you Mr. Chair. 4 4 think the people in this state are mad because of I wanted to ask that we look at the 5 5 the way you districted the last time, they're criteria we have that was adopted by this majority 6 going to be furious because of the way you're 6 yesterday and apply that to these three districts 7 7 doing this district. This is an abomination. It 8 8 is a direct assault on democracy. It is REP. LEWIS: Certainly. 9 9 disingenuous to think that you've now created CHAIRMAN RUCHO: Representative Lewis. 10 10 districts that don't take race into account just And while he's preparing, can I remind 11 11 because you say race hasn't been taken into everybody here to please keep your maps so we can 12 12 account. have them and we don't have to cut down some 13 13 additional trees, if at all possible. And -- so When we get the stat -- stat packs on 14 14 these districts, I will assure you of two things: thank you. That and the stat packs. So bring 15 15 them and make them available for the redistricting Number 1, the black voting age population in 16 16 Districts 1 and District 12 are equal or greater committee meetings, House and Senate, and on the 17 17 than it was in the two districts that have been floor. 18 18 rejected so far. And Number 2, that -- that in Representative Lewis. 19 19 the other district, District 4, I guess, where you REP. LEWIS: Mr. Chairman, could I just 20 20 take Wake County and send it a certain way, you clarify with Representative Farmer-Butterfield? 21 21 will find the same kind of phenomenon. You wanted to go through three districts 22 22 So I say that you might call it that Senator Blue referred to based on the 23 23 partisanship in districting like this. But here criteria that was adopted. 24 24 in the middle of Black History Month, it is as Yes, ma'am. First of all, the first 2.5 25 pernicious as the same kinds of activity that has criteria was equal population. The population of 49 47 1 1 given a scar to so many Southern states over the the 1st is 733,499. 2 2 last 150 years. The second criteria is contiguity. I 3 3 think you can look at the map -- and even this You call it what you want. It is still 4 4 using race as a basis as to how you elect the map, if it's more helpful without county lines, 5 5 Congresspeople in North Carolina. and be able to see that all the territory is 6 6 CHAIRMAN RUCHO: Representative Lewis. contiguous. It does touch. 7 7 REP. LEWIS: Mr. Chairman, I just point Political data: I've provided that to 8 8 out even Senator McKissick's acknowledged that you. That shows what the election results were 9 9 race was not a factor in drawing this map, Senator within inside this district. 10 10 Blue appears to want to try to create something The partisan advantage: I've conceded 11 11 that does not exist. that Republicans don't have a great partisan 12 12 So I will point out again: I have advantage in the 1st. 13 13 already read the criteria. I will not -- I will The 12th: The -- the drawing of the 14 not belabor it. But the criteria that was used to 14 1st -- the -- one of the criterion yesterday was 15 15 draw this map was adopted by this committee do away with the certain serpentine shape of the 16 16 yesterday and repeated by me a few minutes earlier 12th. So that would not apply to the 1st. 17 17 today. Compactness: I think you will notice 18 18 CHAIRMAN RUCHO: Yes, sir. Thank you. that nearly every county in the 1st is a whole 19 19 And -- and Senator Blue, when you use -county. You will see that there are three divided 2.0 20 say that using the partisan, that partisan was counties in the 1st, Wilson being one of them. 21 21 never used. All it was is the political data That was done to take into account the residency 22 22 coming from elections, and you have that before of the incumbent. Pitt -- Pitt was divided to --23 23 you. So for you to tie together race in that just again, based on the requirement to have equal 2.4 24 doesn't make any sense. So that -- that being population. And you'll see that Durham is divided 25 25 said -as well, as best I recall, as -- as a combination

And I think that should be pointed out.  Again, Representative Lewis, Senator Rucho, thank you-all for the hard work and look forward to supporting your efforts.  CHAIRMAN RUCHO: Thank you.  Senator Apodaca.  SEN. APODACA: Thank you, Mr. Chairman. I think it might be good if we're talking about history month and history lessons, we have a	10 11 12 13 14 15 16 17 18 19 20 21 22	hoping for.  SEN. BROWN: So I think that tells you the competitiveness of these districts.  And again, to keep these maps where you only split 13 counties everybody needs to go home and try it, and I can promise you, it's hard to do it by splitting any less than that and keep, you know, the populations the same in each of these counties.  So again, I I think this is a pretty dang good job, and I would hope that the members of that live in each of these counties appreciate the fact that we've tried to keep them as whole as we have. And I think it's a very good map. Thank you.
