Dear Messrs. Herbert and Ryan:

This is in reference to the complaint you filed with the Federal Election Commission on July 6, 2016, alleging violations of certain sections of the Federal Election Campaign Act of 1971, as amended. On May 23, 2017, the Commission found reason to believe that Suffolk Construction Company, Inc. ("Suffolk") violated 52 U.S.C. § 30119(a)(1) by making prohibited federal contractor contributions.

On September 20, 2017, the Commission accepted the signed conciliation agreement with Suffolk. On that same date, the Commission found no reason to believe that Priorities USA Action and Greg Speed in his official capacity as treasurer violated 52 U.S.C. § 30119(a)(2) by knowingly soliciting the federal contractor contributions at issue. Accordingly, the Commission has closed the file in this matter.

Documents related to the case will be placed on the public record within 30 days. See Disclosure of Certain Documents in Enforcement and Other Matters, 81 Fed. Reg. 50,702 (Aug. 2, 2016). A copy of the Factual and Legal Analysis and agreement with Suffolk is enclosed for your information.

FACTUAL AND LEGAL ANALYSIS

RESPONDENT: Suffolk Construction Company, Inc.  MUR: 7099

I. INTRODUCTION

This matter was generated by a Complaint filed by Paul S. Ryan, the Campaign Legal Center through J. Gerald Herbert, and Democracy 21 through Fred Wertheimer. For the reasons described below, the Commission finds reason to believe that the Suffolk Construction Company, Inc. ("Suffolk") violated 52 U.S.C. § 30119(a)(1) by making contributions as a federal contractor.

II. FACTUAL BACKGROUND

Suffolk is a Massachusetts corporation involved in various construction projects. While Suffolk maintains that it primarily served as a general contractor and construction manager for privately funded projects, it acknowledges that a "small fraction" of its work over the past five years included federal contracts.1 Suffolk contributed $100,000 to the Committee on July 20, 2015, and another $100,000 to the Committee on December 17, 2015.2 The Committee disclosed receipt of these contributions on its 2015 Year-End Report.3 The Complaint notes that on April 7, 2016, the Center for Public Integrity reported that the Committee received the two $100,000 contributions, and that the federal government had

awarded Suffolk more than $168 million worth of contracts since fiscal year 2008. According to the Complaint, Suffolk had been awarded $1,278,500 in federal contracts in Fiscal Years 2015 and 2016 (a period including October 1, 2014, to September 30, 2016) for projects involving the Department of Defense. Suffolk responds that the contract work that it performed for the U.S. Army Corps of Engineers ("USACE") was its only work that might be relevant to this matter. According to Suffolk, its USACE contract involved multiple construction projects at a Motor Pool facility in West Point, New York. Suffolk states that this contract, which began in March 2009, provided that Suffolk would assist the USACE in relocating a Motor Pool. In 2014, two years after the original work on the Motor Pool concluded, Suffolk states that the USACE modified the contract in three phases.

The third phase of the modified contract covers the period during which Suffolk made the two $100,000 contributions to the Committee. On July 7, 2015, Suffolk “received” MOD 28, which called for the installation of a new green filter at the Motor Pool, among other things. On September 18, 2015, USACE issued Amendment P00002 to MOD 28, which involved furnishing and installing an effluent line at the Motor Pool. Suffolk states that its “work on these

projects spanned from December 2015 to August 2016.”

On June 30, 2016, the Committee refunded Suffolk’s $200,000 total contributions.

III. LEGAL ANALYSIS

Under the Federal Election Campaign Act of 1971, as amended (the “Act”), a federal contractor may not make contributions to political committees. Specifically, the Act prohibits “any person . . . who enters into any contract with the United States . . . for the rendition of personal services or furnishing any material, supplies, or equipment to the United States or any department or agency thereof” from making a contribution “if payment for the performance of such contract . . . is to be made in whole or in part from funds appropriated by the Congress.”

These prohibitions begin to run at the beginning of negotiations or when proposal requests are sent out, whichever occurs first, and end upon the completion of performance of the contract or the termination of negotiations, whichever occurs last. And these prohibitions apply to a federal contractor who makes contributions to any political party, political committee, federal candidate, or “any person for any political purpose or use.”

The available record indicates that Suffolk was a federal contractor when it made the contributions. Suffolk states that it “received” MOD 28 to perform additional services to USACE on July 7, 2015, thirteen days before Suffolk’s first $100,000 contribution to the

Committee on July 20, 2015. Suffolk does not explain the significance of “receiv[ing]” MOD 28, but it is reasonable to infer that it was either a contract proposal or a negotiated work order, thus making Suffolk a federal contractor at that point. On September 18, 2015, USACE “issued” an amendment to perform additional services in conjunction with MOD 28. According to Suffolk, its “work on these projects spanned from December 2015 to August 2016,” apparently including December 17, 2015, the date of Suffolk’s second contribution. Thus, the available information supports a reasonable inference that Suffolk made prohibited federal contractor contributions to the Committee.

Suffolk’s argument that its federal contract work represented a “small fraction” of its business does not negate the company’s status as a federal contractor. Suffolk further asserts that “any inadvertent violation that may have occurred would have been de minimis and immediately remedied by Suffolk before any harm could have possibly resulted.” While Suffolk may consider its federal contract work a “de minimis” portion of its overall work, its $200,000 in contributions to the Committee are not de minimis. And Suffolk’s July 2015 and December 2015 contributions were not refunded for nearly one year, and more than six months,

15 Suffolk describes the July 7, 2015, MOD 28 as “call[ing] for, among other things, the installation of a new green filter at the Motor Pool.” Suffolk Resp. at 4. Although Suffolk speaks to possible differences of opinion with USACE as to whether the original contract dating from 2009 remained in effect through Fiscal Year 2016 or the MOD work was entirely new contracts, the MOD 28 information provided by Suffolk supports its status as a federal contractor at the time of both contributions. 17 In support of a dismissal, Suffolk cites MUR 5424 (Foxx), in which the Commission took no further action and closed the file with an admonishment, but that matter involved only $286.71 in impermissible soft money contributions. See MUR 5424 First General Counsel’s Report at 4-5. Thus, Foxx is factually distinguishable.
respectively, during which time the Committee spent millions of dollars. Accordingly, the Commission finds reason to believe that Suffolk violated 52 U.S.C. § 30119(a)(1).
